

NON VOTER TAZ

municipal elections 2016 – Milan

3 – 4 – 5 June

don't delegate – self manage!

The art.4 of Consolidated Act on the election of the Chamber of Deputies declares: *"Voting is an obligation to which no citizen can escape without failing a precise duty to the country"*

But what duty? Which country? The vote in parliamentary democracy has always been synonymous with the delegation. A delegation that dissolves from all liability and leaves as the only public debate actor a plaintive background buzz. All to claim the importance of voting and its indispensability in front of the threat of absolutism. Only to denounce tirelessly, between one election and the other, arrogance and corruption of politicians and political institutions. Insightful mass leading to social schizophrenia.

As well as participation in elections is only a subtle and intricate deception, even the turnout today is often synonymous with neglect, indifference, apathy and marginalization. Less and less is claimed as a political act of liberation and re-appropriation of the horizon of action.

We therefore say no half measures and unnecessary compromises in a spirit of fighting the system and its mafia elections: our goal is the formation of a revolutionary front of all experimental trends that are able to affect tangible scenarios of life and to change the sensitivity and the behaviors through the construction of "situations", that of collective life moments, related to the game, to creativity, to events. For art free, autonomous, self-determined, tool in the search for community identity and uniqueness of the individual. A performer communities where music becomes language, dance and motion theater liberators and the party a collective life. We want to load orientation transgressive culture and its embrace as our calling, making critical and experiment our way of being. A culture that puts in doubt and creates social innovation. Not one of the shop windows with the de-commitment culture, of discontinuity, of oblivion .. EXPO!

So we want to invite you to the building and the participation of a three-day self-management practices and the libertarian 3-4-5 June in Milan.

"To be GOVERNED is to be watched, inspected, spied upon, directed, law-driven, numbered, regulated, enrolled, indoctrinated, preached at, controlled, checked, estimated, valued, censured, commanded, by creatures who have neither the right nor the wisdom nor the virtue to do so. To be GOVERNED is to be at every operation, at every transaction noted, registered, counted, taxed, stamped, measured, numbered, assessed, licensed, authorized, admonished, prevented, forbidden, reformed, corrected, punished. It is, under pretext of public utility, and in the name of the general interest, to be place under contribution, drilled, fleeced, exploited, monopolized, extorted from, squeezed, hoaxed, robbed; then, at the slightest resistance, the first word of complaint, to be repressed, fined, vilified, harassed, hunted down, abused, clubbed, disarmed, bound, choked, imprisoned, judged, condemned, shot, deported, sacrificed, sold, betrayed; and to crown all, mocked, ridiculed, derided, outraged, dishonored. That is government; that is its justice; that is its morality."

Pierre-Joseph Proudhon
